

Grave Digger, Shout It Out

We make it loud and proud
We wanna see your hands
tonight
We possess the power
And we know we have the
right

Don't turn away
Don't turn away
Rock it and roll it
Don't turn away
Don't turn away
Rock it

We come back without a
warning
We will take control
Can't you feel the magic
And the fire in their souls

[Chorus:]
Shout it out
We're ready to rock now
Shout it out
Loud and proud
Shout it out
We're ready to rock now
Shout it out

We will lead you day by day
And you can't run and hide
We will keep on rockin
Our souls are filled with
pride
