

# Grave Digger, Wild And Dangerous

Evil thoughts and evil  
doings  
Cold alone you hang in ruins  
You're living fast now life  
goes over  
Now you're know you are a  
loser  
Bloody dreams and nice white  
rats  
Death is calling for your  
head  
You can't escape you run for  
cover  
Say good by and tell your  
mother

[Chorus:]  
I'm wild - wild and  
dangerous  
I'm wild - wild and  
dangerous

Empty bottles and empty  
glasses  
The day is over you waiting  
for darkness  
Night by night the same  
procedure  
You never listen to the  
preacher  
Mr.Blackman and Mr.Whitehead  
Taking your soul and brings  
you dead  
Take the key, unlock the  
door  
See the light that marks the  
right floor

[Chorus:]  
She's wild - wild and  
dangerous  
She's wild - wild and  
dangerous

Bloody dreams and nice white  
rats  
Death is calling for your  
head  
You can't escape you run for  
cover  
Say good by and tell your  
mummy

[Chorus:]  
I'm wild - wild and  
dangerous  
I'm wild - wild and  
dangerous  
She's wild - wild and  
dangerous  
She's wild - wild and  
dangerous
