

# Great Big Sea, Sally Ann

All eyes on her from dawn till dusk  
Hanging on her every word  
Kings and Queens never saw such a fuss  
Servants are waiting to serve

Chorus  
Sally Ann Sally Ann  
Ah, when you dance  
Every move that you make is amazing  
Take my heart take my hand  
Hey Sally Ann,  
Life will be all that you make it.

I must've got caught in your hair so bright  
Lost in your eyes so blue  
I followed around in circles all night  
For a chance to dance with you

(Chorus)

It breaks my heart to see her cry  
I'm a fool for her and that's for sure  
You see me swallowing my pride  
She's got me crawling on the floor

(Chorus)

Sally Ann, Sally Ann, ah Sally Ann,  
Every move that you make is amazing  
Take my heart take my hand,  
Hey Sally Ann,  
Life will be all, life will be all, life will be all that you make it
