

# Great White, No Way

I get up in the morning, just to work all day.  
I never had no vacation, and what's a holiday?  
I'm tired of workin' 9 to 5. Somboddy give me a break.  
Caught up in this rat race, I've got no time to waste.  
I want out (you can't make it)  
I want out (no way)  
I want out (so don't mistake it)  
It's all that you've got and your not gonna leave it, no way.  
There's no way.  
Maybe I'll buy me a new car.  
Maybe I'll hop on a plane.  
Get off in some foreign station,  
Somewhere that don't look the same.  
You're stuck in a rut. No, no, you can't give it up.  
There's no way.
