

# Great White, South Bay Cities

(Niven, Lardie)

'Bye New York, so long Philly  
Hollywood your Wacko City  
Chicago got just too damn windy for me  
Frisco's fine apart from that line  
New Orleans is just a good time  
And southern belles can certainly ring my chimes  
But my feet are achin' to feel the sand  
Of the Golden Towns  
We call 'em  
South Bay Cities  
Only place I call my home  
South Bay Cities  
Sweetest life I've ever known  
If you can't find me baby  
That breeze has gone and blown me home  
Big old sun and cool sea breezes  
Roller girls ain't no teases  
I know she'll do just what she pleases for me  
Ain't no stoppin' The Raintree Rockin'  
After hours one stop shoppin'  
And Blotzers always totally out of his mind  
And my dream is sleepin' in the arms  
Of those Golden Towns
