

# Green Carnation, As Life Flows By

(Music: Tchort, Lyrics: Tchort & Kjetil N)

Cross my heart and hope to die  
With only seconds away before I...  
It felt so good when I hit the ground  
Come with me; join me on the other side

And life flows by  
It hits me when I hit the ground  
And life flows by  
I am feeling lonely, fading slowly  
And life flows by

If tomorrow never see the light  
If I never get to say goodbye  
It doesn't mean that I don't care  
Come with me, and I will take you there

And life flows by  
It hits me when I hit the ground  
And life flows by  
I am feeling lonely, fading slowly  
And life flows by  
I am feeling lonely, fading slowly  
Out

When passion burns no more  
When your friends are all gone  
When laughter is heard no more  
I am the fool who turned away

And life flows by  
It hits me when I hit the ground  
And life flows by  
I am feeling lonely, fading slowly  
And life flows by  
I am feeling lonely, fading slowly  
Out
