

Green Day, Turkey Dinner

(Music to American Idiot)

Dont wanna be a Turkey dinner!
Dont wanna be a prize pack winner!
Hey can you hear the sound of potatoes!
1 nation controlled by tomatoes.

Welcome to a new kind of table,
all across the littles boys fable,
everything isnt meant to be okay.
Television, football's on all day,
dont wanna watch anything else anyway,
thats as far as we need to argue!

Well maybe im the stuffed 1, america!
not a part of a chicken, agenda.
Everybody, do the funky chicken!
And let out all the funky moves within.

Welcome to a new kind of table,
all across the littles boys fable,
everything isnt meant to be okay.
Television, football's on all day,
dont wanna watch anything else anyway,
thats as far as we need to argue!

Dont wanna be a Turkey dinner!
Dont wanna be a prize pack winner!
Information age of, potatoes!
1 nation controlled by tomatoes.

Welcome to a new kind of table,
all across the littles boys fable,
everything isnt meant to be okay.
Television, football's on all day,
dont wanna watch anything else anyway,
thats as far as we need to argue!
