

Greenwheel, I Don't Believe

I don't believe in anything
She says to me
And I don't believe that she cares for me
And is it me that she loves
Or is it someone else
Cuz I've got to know before I leave

CHORUS

Is it the warmth in her touch
Or the sweetness that's in her kiss
My heart's telling me
Never let go of this
Is it the look in her eyes
Or the brightness that in her smile
I'd walk the world for her
She couldn't walk me a mile
She couldn't walk me a mile

The days go past
And the time slips away
It happened all so fast
I couldn't make her stay
And all the memories she left
Well they rest in my head
And sometimes I feel
That I'd be better off dead
I'd be better off dead

CHORUS (2X)
