

# Greg Laswell, Worthwhile

Mary, do what you can  
Do get me out of this  
And I'll make it worth your while

Hey Tori, all of your stories  
Make more sense these days  
And I never wanted them  
To be worth my while

I'll stand still  
Go around, go around, go around...

Loui, do what you can, friend  
To turn up the sound, man  
And I'll make it worth their while

Robin, do what you can love  
To face everything love  
And one day it will all be worthwhile

I'd take all of it from you  
All of it
