

Gregg Alexander, Intoxifornication

First we take a shower-the we get
dirty-you make the flowers
while i drive your curves in-ma'am
you got a body-and its so cerebral
while you look that word up-tell me
can you feel it ooo yeah
love is like an elevator always moving
up and down
you can take the bright lights baby i'll
take the dark side of town
your love fits so perfect
intoxifornication-when the sun goes
down-intoxifornication baby
makes you feel like a god on the town
-intoxifornication
when the sun goes down-
intoxifornication yeah yeah

next we take our bodies-rest them
for a minute or less
then we start moving-ithink you
dropped your locket on me
ma'am your holy body-gives me an
upheavak
while you think that word out-tell me
can you feel it ooo yeah
love is like an elevator always moving
up and down
you can take the bright lights baby i'll
take the dark side of town
your love fits so perfect
intoxifornication-when the sun goes
down-intoxifornication baby
makes you feel like a god on the town
-intoxifornication
when the sun goes down
give an n and take an a and an m
