Gregg Alexander, Wear Your Love Beside You

Wear your love beside you
Wear your love beside you
When you're feeling dusty and blue
Wear your love beside you
Hearts are made for breaking
Raping and foresaking
When you got love's lease in your hand
Rip it into pieces
We got all we need to survive
We got all we need to survive
We got all we need
Let me bleed
Wear your love beside you
Wear your love beside you
When you get off the bus
Throw off 77 cents
Hearts are made for raping, raping
Raking and foresaking
Wake up, kid (No)
This ain't (No) Grosse Pointe, no (Damn)
We got all we need to survive
(Oh yeah, You believe all those lies)
We're through with the whole of your lies lies lies
I believe I was left emotionally uncircumcised
Oh my my my my my my my my my my my
Oh yeah, you can wear it like a coat
(You used to smile when my hand slid up your thigh)
Throw it down at the big bad wolf
Go ridin up the river, riding down the stream
And don't deny that you've been seeing that secret guy
It's alright (What a beautiful dream)
You've been seeing that secret guy
Oh I love this guy
I (Just wear it)
remember when your Dad told me of telltale signs
Like (Wear it) how you're sleepy
(Wear it, wear it, la la)
One time as I touch... your body...
(Every Sunday, go to church...)
So don't like and make us last another month
I need that time to plan (Will you quit talking)
your suicide (Quit fuckin talking)
Don't worry I'm just kidding (Shut up)
I'm not gonna kill you
I just wanted to let you know I'm not blind
(Yes you are, yes you are)
I know our love is dying by the minute
La la la, la la la, la la la la, la la
Tick tock, it's dying by the minute
Just like me is 60 50 40 20 19 18 17 16 15 14 13 12
11 10 9 8 7 6 5 14 just liking
4 3 2 1, baby goodbye
Wear your love beside you
Wear your love beside you
When you're feeling dusty and blue
