

Gregorian, Moment Of Peace

Mm Mm Mm Mm Mm

Ah Ah Ah Ah Ah

In moment of piece

Ah Ah Ah Ah Ah

Ah Ah Ah Ah Ah

(Chorus)

Come now, come by our side

A place where you can hide

We are the sunshine

Rest your Soul here

And you'll find

We are the energy

We give the world to thee

Hold up your heart now

We will ease pain from your brow

(Sarah Brightman)

When the world is in tatters

And destruction is near

You can come with us here

When the people are strangers

You'll rest here with me

In a moment of peace

(Repeat Sarah once)

(Chorus)

Light up the dark below,

See through the stars,

Reach to the earth's flow

Drift in the joy of our hearts,

Unleash the energy,

Taste of the wine

Drink as a Soul

That knows now, power divine

(Repeat Sarah Twice)

in a moment of peace
