

Gregory And The Hawk, I'm Your Puppet

I'm your puppet
I'll learn to love it
and I'll undress
if you need it
but please don't need it
if you need it
I'll scream out

weave a secret
I will sweep it
beneath the carpet
where you'll keep it
how weak is that?
wish I was worth it
to you

review my wishes
for fair weather
'cause I know if the clouds with rains or snows
you won't be there
how weak is that?
wish I was worth it
to you
