

# Gregory And The Hawk, The Bolder Thing To Do

Everyday trying to make up for the one before  
Climb three flights to tremble at the site of your already open door  
The frustration I see when I tell you I'd like some company  
Breaks my heart  
How can you be so impartial?

And I even made myself the fool  
Who's fallen for you  
So let me down softly this time, and  
I won't have to come back crying  
I just made myself look bad  
You're the one who should be feeling that  
It'd be better to forget you  
But I don't really want to  
It'd be better to forget you  
But I don't really want to

Energy spent trying to believe you're not worth it  
You don't deserve it  
But I wish you did 'cause I can't rid the thought of it  
And I'll remember you as the second or two artists I knew who decided to screw me over  
'Cause it's the bolder thing to do

And I even made myself the fool  
Who's fallen for you  
So let me down softly this time, and  
I won't have to come back crying  
I just made myself look bad  
You're the one who should be feeling that  
It'd be better to forget you  
But I don't really want to  
It'd be better to forget you  
But I don't really want to

And I even myself the fool  
Whose fallen for you  
So let me down softly this time, and  
I won't have to come back crying

And I even made myself the fool  
Who's fallen for you  
So let me down softly this time, and  
I won't have to come back crying
