

Grendel, Contorted Angel

Contorted Angel - All your anger and all your fears
Contorted Angel - What do you want from me
Contorted Angel - Can't live up to your demands
Contorted Angel - Die by your rotting hands
Nothing compares to you - Nothing is good for you
Contorted Angel - Lift off your muddy skin
Contorted Angel - Rip out your rotten core
Contorted Angel - There's nothing good in you
Contorted Angel - You make this world so cold
Nothing compares to you - Nothing is good for you
Contorted Angel - Your stench infests us all
Contorted Angel - So putrid and so old
Contorted Angel - Rip out your rotten core
Contorted Angel - Shed your skin for us all
Contorted Angel - I cringe from you, I turn from you
Contorted Angel - I leave you now for death
Contorted Angel - I cringe from you, I turn from you
Contorted Angel - I leave you now for death
