

Grendel, The Judged Ones

Nucleotides, the sequence breaks
Amino acid primes, a terror so great
Dead cells, tagged stream
Convicted bodies with a suicide gene

Rage born of scorn
Mother to daughter - and father to son

Crossfire, blood runs
Our fate is sealing
In the striving of the judged ones

With the fourth division
Spreading violent ground
Now both Cain and Abel
While the lambs are drowned
With seven sins
And eleven sons
We're bearing the burden
We're the dying - we're the judged ones

Lethal vex, the code is breached
Fight for survival in this virulent siege
Dead cells, tagged streams
Convicted bodies with a suicide gene

Rage born of scorn
Mother to daughter - and father to son

Crossfire, blood runs
Our fate is sealing
In the striving of judged ones
