

Greta Van Fleet, Waited All Your Life

Utwór 'Waited All Your Life' z albumu 'Starcatcher' od Greta Van Fleet (premiera 21 lipca 2023r.)

Turn on!

Let's begin!
You've wondered through the door
Come on in
Have you been here before?

Waited all your life!

You've come from so far away!
And do you intend to stay?
Swim to shore
If this is what you're looking for
Shout, Oh Lord!
If this is what your looking for

You've been on your way
You've been on your way
Please stay

Where've you been
We won't lead you astray
Share our skin
It's time for us to pray
Pray!

Waited all your life!

You've come from so far away!
And do you intend to stay?
Swim to shore
If this is what you're looking for
Shout, Oh Lord!
If this is what your looking for

You've been on your way
You've been on your way
Please stay
Don't go away...

You've had the journey of an entire lifetime to come home to that place you'd been searching for. A family to celebrate a new life with!
A rebirth. A land of promise cradled in the infinity of a sunset. The solar season has begun!
