

# Grey Daze, Believe Me

Sleep,  
In the shadows,  
Breathe,  
In the air  
Without dreaming  
Without a care, oh

Look,  
In the mirror  
Cry,  
No control  
I've got a fever  
I've got my whole, oh

I tried to believe it  
Tried to receive it  
With eyes of power  
Will you deceive me, oh

Crawl,  
Up to the clouds  
Claw,  
Your way out  
I want to be there  
I want to move on, oh

I ran like a coward  
Far from this place  
Show me desire  
Show me disgrace

Believe me
