

Grey Daze, Believe Me

Sleep,
In the shadows,
Breathe,
In the air
Without dreaming
Without a care, oh

Look,
In the mirror
Cry,
No control
I've got a fever
I've got my whole, oh

I tried to believe it
Tried to receive it
With eyes of power
Will you deceive me, oh

Crawl,
Up to the clouds
Claw,
Your way out
I want to be there
I want to move on, oh

I ran like a coward
Far from this place
Show me desire
Show me disgrace

Believe me
