

# Griffin House, Lonely One

I was hanging with a girl I know  
She was telling me a week ago  
That Im the only one  
That she's really ever loved  
I was talking with a friend of hers  
Telling her I know that what a friend deserves  
Is more than I can give  
Its more than I can give

You know that I would give it all away  
If I knew I could get it back  
No need to question all the things I say  
Its hard to take but it's a fact  
Im the lonely one x5

People say it's sad to think about  
Someone giving more than they're gettin'  
But my taking made me figure out  
That Im the lonely one  
Im the one whos always walking out  
Your love has put me on the run  
You know exactly what Im talking about  
You know that love is never done

Im the lonely one x4

Passing time all the lonely nights when I think of you  
You can make all the right moves  
But sometimes still lose

You know that I would give it all away  
If I knew I could get it back  
No need to question all the things I say  
Its hard to take but it's a fact

Im the lonely one x9
