

Grinspoon, Ambulance

They dont need an autobike
Someone, plastic
Stick around, stick around
Selfish liars wanna cheat
Your insecurity
I know i've gotta get away
Ambulance, Ambulance
I really need you bad
Ambulance, Ambulance
I really need you bad
Bring him back, bring him back
I really need you bad x 2
Really!
So long down
Really!
Father funeral at your door
Contradiction that I know
You've heard it all before
Repeat chorus
Really!
So long down
Really
so, so, so, so
Repeat Chorus
