

# Grinspoon, Anyday, Anyhow

Forgot to mention  
the new detention  
forgone conclusions, current lack of inspiration  
sophisticated, unpopulated  
choosing television set  
a colour screen sensated

did you think that I was wrong  
I've got a patient family  
was the plan meant to go there  
Anyday, Anyhow

say what you want to belong to  
anytime  
we don't come here very often  
so long time

Believe that i'd never lie here  
I couldn't feed another saviour  
if the trouble lifted up and did you wrong  
come said and get another reading

did i do things much better  
did i do things much worst  
was there that patient family  
waiting there patiently

say what you want to belong to  
anytime  
we don't come here very often  
so long time

say what you want to belong to  
anytime  
we don't come here very often  
so long

say what you want to belong to  
anytime  
we don't come her very often  
so long
