

Grinspoon, Ordinary

all right
right on
cowgirl
that song
find something u can sell
then make a war to find it

your told it
so now its true
no buisness
somewhere ordinary yeah ordinary

cast yeah
alright
baby
your rockin tonight
it started out so well
then it goes straight then it folds

your told it
so now its true
no buisness
your so ordinary
get back to
when u were blue
go find her
somewhere ordinary

find somewhere u can go and get away from it all...

your told it
so now its true
no buisness
somewhere ordinary
get back to
when u were blue
go find her
somewhere ordinary
your so ordinary
