

# Grip Inc., Cleanse the Seed

vulgar, parasite  
endless quest for gain  
obsession turns to disease  
eats through to the bone

we must, purify, where we dwell

sterilize

deliberate, intentions  
discolored and stained with greed  
the vultures descend to feed  
merciless to the core

we must, purify, where we dwell

sanitize

endless quest for gain  
obsession turns to disease  
brings you down to your knees

we must, purify, where we dwell

sterilize
