

# Grits, Get It (Ric Robbins Remix)

if you can feel it feel it  
then get with it with it  
we stay witty with it  
so you can get it get it

we stay above average stay killin these tracks yo  
i stay off in the country but stay city with that so  
stay keeping yall guessin stay in higher demand  
stay true to who im repping steady movin ahead  
i stay original stay spritual never move outa line  
if you could read up in between i stays clear with mine  
since 89 i stayed straight no more livin off state  
the only bars i stay locked in now are 16 or 8  
you wanna stay in the kitchen  
when grits is hot they bubble  
stay poppin out the top stay ready to tussle  
who wanna muscle flex context in combat with bone  
ill have you cryin to your mamma  
talking bout leave me alone  
mixed views misconstrued  
by the way that we present it  
send it out through verbal lessons  
herbal essence when we spit it  
if you hit you gone feel it and get addicted ill admit it  
the first times for free but the rest cost life get it

bass how low can you go  
evangelic shatter false hope like a useless relic  
im an animal covered with hair insides mechanical  
guardin my heart like im botanical  
im snatchin satans mandible  
i damned him at best with random access  
forever banished when he left his lies vanished  
standing in the midst of chaos  
hours of praying and fasting began to pay off  
at times like these cant take a day off  
what i compete with i get street with  
my strange language bone crusing anguish  
pain cant be quenched or vanquished  
my anger rise up its ludicrous the way i throw dem bows  
and swell his eyes up aint that cute  
the honey pot that money got his hand in  
its funny how he think he got it on lock he just a stand in  
reprimandin rebuking til you understandin  
juke with reckless abandon you can get it  
get it get it get it

we can get wild child  
keep looking at me now  
we can get wild child  
you see exactly how
