RED RAT (announce):

Well it's confy musical dingle

Groove Armada, featuring Stush and Red Rat, of course

MC STUSH:

Dip and galang

Dip and stand up

Body basic

It wont dance more though

Dip, galang, stand up

Every man in the world light up [bridge]

So they just dip

Galang

Stand up

Every man in the world light up [chorus]

Girls all stand up and watch me

They want their sushi

Move and try looking bushy

And I miss you, they just cut me

May have big booty

They are sweet like tutti frutti

Lips feel just like cherry

Angels and thats why I'm screeching

What I wait among the pressure

Jump and sing for lure a pedon

Body freeze and I pitch you up

Then boy, easy flick her off

Cause of this some girls get envy

Even then try mess up your party

Love, but be warned if you beat me

There is no need to compete

[chorus] 2x

So me I chill in the VIP suite

See my DJ playing my beat

Every newscast adverting me

The dancefloor is where we will meet

All over the world, they're feeling

Is so sweet, MIB

Pop Style, well I'm free

All jealousy, is for me

Their contribution fell on the finite

Why you're smiling? Cause of my defeat

Left all the love alit by the magic

Then when I boom, then when I freak

Find my commotions gone through my teeth

Working the last of style for a beat

Bow now break to be the elite

Jealousy I'll be nice and sweet

[chorus]2x
