

Groove Armada, Groove Is On

Check it out, yeah, cos
Life is slow when the groove is on

Yeah, right here

(Movin' nice and slow now)
(Yeah yeah yeah)

Moving closer to me
Close to me now
Yeah yeah yeah

Yeah, as if the groove is on, I'm a-spit my flow
Tripping lights fantastic, disco show
Get the mofo back in the bliss patrol
And not worry about friends or foe, oh

I just pop the X, maybe have lots of sex
I'm the next flight to a spot that's left
Saturated so??? don't need to stop the press
Go back and??? the nest

As if the groove is on, I'm a-spit my flow
Tripping lights fantastic, disco show
Get the mofo back in the bliss patrol
And not worry about friends or foe, oh

As if the life is slow when the groove is on
Watch prints take shape in the music form
Anything I'm on hot now, it's the music you want
Baby it's the??? to your soul, oh

(Close it in, close it in, close it in
Hit it again, hit again)

Life is slow when the groove is on
Life is slow when the groove is on
Life is slow when the groove is on
Tripping lights fantastic disco show

Life is slow when the groove is on
Life is slow when the groove is on
Life is slow when the groove is on
