

# Groove Armada, Remember

What you  
What you see

In your time, to me  
And you know that you are free  
And when you can be  
Don't think you only, what you see  
For remember

What you see  
Remember what you see  
What you  
Remember what you see  
What you

In your time to me  
And you know that you are free  
And when you can be  
Don't think you only what you see  
For remember

What you see  
What you see  
What you see  
What you see

Remember what you see  
Remember what you see  
Remember what you see  
Remember what you see
