

Groove, Real Love

(Chorus)

I dont know how to fight it
I dont know how to hide it
Your love is making me go crazy
x2

Finding your true love
Is a hard game
Is it better to know
That we're both the same?
When you've been knocked down
Fooled around
Played around
Stand up and fight back (oh yeah)
Rearrange your life to fit his schedule
You dont wanna live like this no more

(Bridge)

You give
All your love to him
You get
Nothing in return
x2

Oh oh

Chorus x2

Stop wasting your time girl
(Hes not worth it)
Loving is easy
(Not worth it)
Stand up and fight back
(not worth it)
Girl you know I'm riiiiight

Listen

One way
Not worth it
Stand up
Fight back
