

Groovie Ghoulies, (And) I Don't Wanna Be Like T

When I see you I get bummed, someone so great acting so dumb.
You think that you're in control, when all you are is in a hole.
Always acting like a brat, and I don't wanna be like that.

Treating people like you do, you don't have one face you've got two.
What goes on up in that head?
It should be investigated.
Stabbing people in the back, and I don't wanna be like that.
Your life is a catastrophe, I don't care if you don't like me.
One day you will be paid back, prepare for a surprise attack.
It makes me sad the way you act, and I don't wanna be like that.
