

Guano Apes, Standing For The Action

I am here
I see the lonely persons
And I regret them
Oh every night

Why you're here
No, answer no more questions
And I regret them
Oh every day

Why do I feel with my body, yeah
Oh the trust I would say to you
What is on what, what is on you
When I'd know you gonna miss me
I belong to you my girlfriend
So what's there, by the side

Hee, hee oh leave a lie
When I'm standing for the action baby
Hee, hee oh leave a lie (2x)

Why you're here
I need a lot of faces
And I regret them
Oh every night

Why you're here
No, answer no more questions
And I regret them
Oh every night

Why do I feel with my body, yeah
Oh the trust I would say to you
Was about what's the real
When I'd know you gonna miss me
I belong to you my boyfriend
So what's there by the side

Hee, hee oh leave a lie
When I'm standing for the action baby
Hee, hee oh leave a lie (2x)
