

# Guano Apes, Sunday Lover

I always take it easy  
And I'm gonna make you feel good  
So tell me all the secrets  
Let's celebrate the night  
Soon or later  
we'll become the love of our life

You are the sunday lover  
Rive me before I lose the countenance  
You are my sunday lover  
Rive me before I lose the countenance

Baby  
we have nothing to lose  
Baby  
I'm not singing to the blues  
Still feels like we're children  
we'll never learn to give it up  
So c'mon take it easy  
Tomorrow you'll be mine  
Oh, I cannot wait  
I gotta have you by my side

You are the sunday lover  
Rive me before I lose the countenance  
You are my sunday lover  
Rive me before I lose the countenance

Baby  
if you have nothing to do  
Baby  
I got away of the shoes  
Baby  
wave these negative blues  
Baby you're afraid  
you can do what you want

I'll never let you go
