

Guardian, C'mon Everyone

C'mon everyone
Lift the name of Jesus high
You won't know until you try
C'mon everyone
He's the Lord of everything
Time to lift your voice and sing
Right now
What can I say but that I'm happy
About the things the Lord has done in my life
If things don't seem that good they can be
Take a look at them through a different set of eyes
Oh it's very simple
We've just got to learn to trust him more
When we do we open up the door
Don't be afraid to call on Jesus
You know there's power in the blood of the Lamb
Don't be afraid you know He sees us
And reaches down to hold us up with His hand
Oh it's very simple
We've just got to learn to thank Him more
When we do we open up the door
Everybody
Wants to find direction
Just a little peace in their lives
Everybody
Needs to find direction
