

Guided By Voices, Blue Gil

(Did you try and catch him?)

Blue Gil

I've something for you

Just for you

Take stock

Don't wait for it to come to you

It won't walk up to you

You and nobody else

You and nobody else

Just for you

C'mon Gil

We're all dying to see you

We all wanna see you

???

We want you out of town by sundown

Get outta downtown

You and nobody else

You and nobody else

Just for you
