

Guided By Voices, Hope Not (I Certainly Hope No

The tension was pretty tight
leave you hangin without a fight
Give it all up cause theres no living in
the world of Artic
no giving, acquitting (are you quitting)

{chorus}
I certainly hope not ohhh noooo(*3)
ohhh ohhhh

There's so many things people say
just to help give it away (but get in the way)
I won't try to figure things out
it's complicated so when doubt (I did)

I start crying
stop lying (trying)

{chorus}

Attracted to the light
Everything will be alright (Where everything with you - all right)
Attracted to the light
Everything will be alright (Where everything will be)
Attracted to the light
Everything will be alright
