

# Guided By Voices, Love Beat

I can feel your love beat  
I can feel your love beat  
Beating like a hammer in my brain  
Beating like a heartbeat in my brain  
Can't you feel my heartbeat?  
Emotion I give you is strangely exotic  
It brings out the best in me, girl  
And it brings out the worst in me, girl

And I can feel the hard, hard heartbeat  
And I can feel your heartbeat  
I can feel the commotion  
I can feel the strong strong emotion  
I can feel the strong strong emotion  
I can feel the strong strong emotion  
I can feel the soul
