

# Guided By Voices, Secret Star

Met a man of energy  
Suppose it doesn't work  
Lantern man  
Find an inoperative halo  
Tossed inside a field  
In your crystal ball  
Was he ostracized  
Injured, or cast away  
In a playhouse  
With hoops and hairpins?

Grow alone  
After, know your conjurer  
A spinster kept checking  
For a special clock remover  
But now we're out of time  
Secret star of heavenly bundles  
Firmly confirmed yesterday

Send no more joy  
No more light  
No more danger  
It will always come  
It will always come

To wish for you to fall  
To wish for you to burn  
To wish for your return
