

Guilty By Association, Eternal

I love you, but I hate you
I've screamed and I've cried
To have someone like you by my side
Now when I see you, you just turn away
I can't believe you would treat me this way

Chorus

Never going to cry for you
You've put it through it all and it's all I can do
Just to breathe, carry on, and forget about you
Everything I felt now it all just fades away
Fades away'.

Broken heart in your fist
Is all that's left from the lips you could've kissed
You told me many things but they were all lies
Could've kept on, but no I am

Chorus

I tried to tell my self to carry on, and there you are
The one who made me feel like I was the only one
Now my loves undone, no turning back
Not gonna let you break my heart again

Chorus
