

Gun, Girls In Love

In through the out door
Heads turn and I'm stuck for words
You can't control your emotions
Baby that's tough

Maybe it means nothing at all
Baby you'll be there when I fall

They're just girls in love
In my eyes they can do no wrong
They're just girls in love
And right by my side is where they belong

You say you trust me and you'll never leave
That's good
Caught in the middle
One slip and I'm in the bad books
It goes on and on and on and on and on

Maybe it means nothing at all
Baby you'll be there when I fall

They're just girls in love
In my eyes they can do no wrong
They're just girls in love
And right by my side is where they belong
They're just girls in love
You better believe they can do no wrong
They're just girls in love
What can you do with girls in love?

What can you do?
It comes down to you
Let's groove

They're just girls in love
In my eyes they can do no wrong
They're just girls in love
And right by my side is where they belong
They're just girls in love
You better believe they can do no wrong
They're just girls in love
And right by my side is where they belong
