

# Gun, Something Worthwhile

You'll never find the truth cause you don't wanna know  
Reality is not a dream, it's an effect mode  
And if I told you what I thought about the system  
I'd be banned from being played by using vulgarism  
I don't wanna be somebody like you  
Wanna be somebody new, not like you a statue  
You make me sick with your hypocrite mind  
And I know you can see but I still think you're going blind

Welcome people, recharge, repay  
Backward, braindead, blinded, blockhead  
Sterile, futile, hostile, lifestyle  
Why can't you be someone worthwhile

Avarice, the spur of the industry  
Causing so many people the never ending misery  
Now people, it's time to wake up  
And start believing that you're someone not a number  
You've got to learn to understand you're not braindead  
You have the power to show that you're not affected  
And if you try to maintain your superiority  
Then you know that you've broken their credibility

Welcome people, recharge, repay  
Backward, braindead, blinded, blockhead  
Sterile, futile, hostile, lifestyle  
Why can't you be someone worthwhile

Power the ultimate aphrodisiac  
Wanted by the greedy-eyed maniac  
Autocrat turning up the thermostat  
Burning everybody's eyes so they can't counteract  
Wash the car, go to bed, sleep well

Welcome people, recharge, repay  
Backward, braindead, blinded, blockhead  
Sterile, futile, hostile, lifestyle  
Why can't you be someone worthwhile

Welcome people, recharge, repay  
Backward, braindead, blinded, blockhead  
Sterile, futile, hostile, lifestyle  
Why can't you be someone worthwhile
