

# Gunna, Can't Relate

I made a 100 today  
Look at my Rollie when I need a date  
Flawless VS's inside of the face  
I see the stars inside of the Wraith  
[?] but I'm still in LA  
Pray to the Lord that I beat my case  
I pour up a four and I go outer space  
Can't go back and forth, ain't no time to debate  
Real nigga shit and you cannot relate  
I ain't got no feelings, I don't feel the fakes  
I keep a Glock 40 on side of my waist  
My plug get that work and it slip out of state  
I pop me a perc and now I'm in a daze  
I ain't got no pressure and I'm tired of waiting  
I bought a big house that's surround with a gate  
I moved out the hood, made sure Momma straight

I cannot stop, I gotta keep going  
I can't go off, I gotta stay on  
These niggas fake, these niggas fraud  
We at the top and you niggas boring  
Got with them slimes and I started touring  
Jumped out a jet, went and copped me a foreign  
Four Audemars, finna dip it in water  
[?] I'mma spend me a quarter  
We shit on these niggas and shit on these bitches  
My loc on Old Nat cut that dope in the kitchen  
I'mma rap on my track, I done make a decision  
It used to be Green but now we shop at Lennox  
The lean on my face just to help with my vision  
Handle my part and I play my position  
I used my brand and I pay attention  
[?] chop that work up like Benny  
Ride in the foreign and no it ain't rented  
This a freestyle and it's just the beginning  
We just be wilding and we ain't got no limit  
[?] swim in it  
[?] shitting and pissing  
Bitch I'm a shark, I swim with the fishes  
I pray up to God, you know I'm committed

I'm still in the streets, shit can get deep  
I gotta keep Meech, Chanel on my feet  
My jewellery ain't cheap, I know I'm a beast  
I go get that work, whilst my niggas eat  
I need some more diamonds, my team needs some rings  
Put ice in my teeth, man I I feel like a king

Red bottoms on with my YSL jeans  
I knew that drip when I walk on the scene  
Look up at the boss when you talking to me  
You know this shit cost I can't walk through for free  
I pour up that mud and I roll up, get geeked  
I heard he ran off on you niggas, you sleep  
I made 45 and a break down a P  
I bought a whole house, they ain't get me a lease  
Run through the week make a hunnid at least  
Copped me a coupe, it ain't come with no key  
Bitch I be high and I don't get no sleep  
That's how I ride when I'm on a beat  
[?] suite  
She got her friend fucking on me  
The strong gon' survive and these niggas weak  
This a freestyle but this shit ain't free  
I got crocodile all over my seats  
They eat up the style, they get it from me
