

# Guster, Barrel Of A Gun

I know a movie star, I've got her plastered to my wall  
Just like we're dear old friends, like she already knows me  
She's perfect as she seems, lifts me right out the Mezzanine  
I finally fell in love, I'd been waiting forever

Four, three, two, one  
When at the barrel of a gun  
Keep my head way down.  
Stay out, I'll stay in.  
Half dead, half numb  
She's enough to make me warm  
It's all so safe and sound.

Lie back and fast asleep, if you could see what I could see  
Drip drop a lovely dream  
God damn you movie star, can't you just play a minute more  
We'd be the best of friends, you could stay here forever

Four, three, two, one  
When at the barrel of a gun  
Keep my head way down.  
Stay out I'll stay in.  
Half dead, half numb  
She's enough to make me warm  
It's all so safe and sound.

She will be sweet on me, just like a mystery  
It's not so hard to see if I'm not mistaken  
She comes from far away, and gets closer everyday  
And all that I can say is that she's all I want and all that I live for

Four, three, two, one  
When at the barrel of a gun  
Keep my head way down.  
Stay out I'll stay in.  
Half dead, half numb  
She's enough to make me warm  
It's all so safe and sound.
