Gyroscope, A Slow Dance

just give me one dance, one dance with you, ohhhhh just a slow dance so im nearing you, ohhhhh take my hand, then let go just let go take my hand and lets go so lets go did i hear you scream through the windscreen when you dropped me off

CHORUS

we've said it before and we'll say it again this time this time it's much different, stop fixing the score this time, this time, this time it's much different

from top stands i will get to you, ohhhhh with my guitar in hand i'll play as if i knew, ohhhhh i understand now let go just let go take my hand and lets go so lets go

did i hear you scream through the windscreen when you dropped me off did i steal your dream if i made a scene, would you top me off

CHORUS

give me one dance, take my hand just a slow dance just a slow dance, take my hand just a slow dance

We've said it before, we wont say it again this time, this time it's much different When you cheat i can tell, when you cheat i can tell this time, this time, this time, next time

when you cheat i can tell, when you cheat i can tell oh when you cheat i can tell, when you cheat i can tell
