

H-Town, Julie Rain

Whoa yeah... whoa whoa yeah

Yeah yeah

[Talking:]

Yea this is going out to my special friend

She died from spouse abuse this is her song I'm about to sing

And I also want to dedicate this to all the ladies out there

Because spouse abuse is on up rising today and we got to stop it y'all...

Come on check it out the story here we go...

[Verse 1:]

I never meant for you to die

Say I cried and I cried I cried and I cried

My heart went out

When I found out when I found out that you were dead

It felt like I bled inside

I nearly died inside

It was gone my soul was gone

My julie rain

[Verse 2:]

My julie rain my julie rain

Damn she's gone I still can't believe it

Cause I didn't know the situation

Oh how can she cover the pain

I remember the day we swam naked yeah

It was a childish game but julie was so happy

The smile on her face was so pretty

Julie julie

Her smile was so pretty

She had the face of a goddess

And body of all bodies

A personality of all

How can he hurt someone so beautiful

[Chorus:]

Julie

My julie rain my julie rain

Julie

[Verse 3:]

Listen

I know julie would want me to sing her song

She was my friend until the end

I never had a friend like julie

Julie truly

She came to my house one day

And oh her precious face was down and erased

I couldn't see her

I didn't know her

I don't know what's going on I say julie...

Who did this to you julie... I don't understand why you let another man

Touch you

Beat you down

Do you wrong

Julie let's do something about it she said no no

She didn't wanna go to the doctor

She didn't wanna look out for help

She didn't want me to help but julie I should have did it anyway

Julie rain

Now you dead julie rain

I'm so hurt

I lost to my best friend

I lost my best friend
