

H Two O, Family Tree

Roots

Don't forget your roots

Don't forget your roots

Don't forget your roots

I was thinking about the good old times

And all the people who helped me survive

Now who the hell knows where I'd be

Without the branches of my family tree

I was thinking about the friends who cared

And all the times that we shared

And if I had the strength to be what I could be

Love and respect to the branches of my tree

Family Tree!!
