

# H2O, One Life, One Chance

What if I said, I was an accident waiting to happen  
Would I trip and fall, fall on my words  
And would you say, say that I was wrong  
My words were out of place, went where I didn't belong

This to me is fact and fiction plays a role  
Confusing situations that I can't control  
The heart of matter, it beats with pride  
Sometimes I wear it on my sleeve, sometimes I keep it inside

And no one said it was gonna be easy  
And I'm not afraid to try  
And with the odds stacked up against me, I will have to fight  
One life, one chance, gotta do it right!!!

And I can't let fate dictate what's best for me  
Gotta take control of my own destiny, you can't relate  
You think there's no escape but I got everything at stake  
Here just to prove you wrong!

And no one said it was gonna be easy  
And I'm not afraid to try  
And with the odds stacked up against me, I will have to fight  
One life, one chance, gotta do it right!!!
