

Habakuk feat. Mamadou Diouf, Oh! Darling

I wanna tell you only one little thing.
I love you darling, I hope you can feel.
But if you can not
Remember what I say.
It's all the game
That we have to play.
So try to understand me
Because sometimes it's so hard
To be with you my baby.
Sometimes harder than without.
Sometimes harder than without.

But you should know that
Whatever I do.
I love you baby
And this is true.

So please forget it when I'm wrong and getting mad
And hug me warmly when it's nothing to be said.

Because I love you
And nobody is like you.
Yes I love you.
I hope you love me too.
