## Haemorrhage, Nekromantik (Prelude) / Uncontrol

Propagating, multiplying, tumours grow Into pustulous cavities neoplasm breeds Propagating, multiplying, tumours grow Ulcerating, multiplying, tumours grow

Ulcerating, necrotising, making sores Into pustulous cavities neoplasm breeds Thru your lymphatic ways fastly it spreads Your body is infested of tumefaction

Decaying by a malignant carcinosis Re-generated after each extirpation In a cancerous metastasis Mortified proliferationd will never cease
