

# Haggard, Lost (Robin's Song)

Running away in the autumn rain  
Did you ever see a little child sleeping?  
"To be near them will my sorrow drain..."  
Suddenly I stopped, their bodies weren't breathing anymore  
And I couldn't help!  
They captured my heart with their sorrow... it grows

-  
Due to the ones who fear  
Dance in the morninglight  
Due to the ones who fear  
Slaves to this innocent might

-  
Due to the ones who fear  
Dance in the morning light  
Due to the ones who fear  
Slaves to this innocent might

-  
Carrying away the ones I love  
Folden hands, they have been blessed  
Now I feel angry 'bout the ones above  
Just no warning, no sign  
Hey, yes, I fear!  
And I just really feel darkness inside  
Lost without a chance to hide

-  
Due to the ones who fear  
Dance in the morning light  
Due to the ones who fear  
Slaves to this innocent might

-  
See me down  
Down on the ground  
Hoping that nobody hears  
The sound of these falling tears

-  
Endless bleeding  
Hoping that nobody sees  
What you did to me!

-  
Endless weeping  
Hoping that nobody hears  
The sound of these falling tears

-  
Endless mourning  
hoping that nobody knows  
These feelings below
