

# Half Japanese, Zombie Eye

You got a night that calls you. You got a zombie eye.  
You got a fate that calls you.  
You can't deny, you can't deny it, you can't deny.  
You got a fate that calls you. Zombie eye.

We turned the card over and screamed in terror.  
What have I done to bring this on?  
Tell me the error of my ways.  
Can I undo what the future holds?

The night calls me. I got a fate that calls me. Zombie eye.  
You got a night that calls you. Zombie eye.  
You got a fate that calls you.  
You can't deny, you can't deny it, you can't deny.  
You got a fate that calls you. Zombie eye.

I wish I could change this thing around but I can't.  
I've dealt with cards that I've been dealt.  
And that's it, that's it.

You got a fate that calls you.  
You got a night that calls.  
You got a zombie eye.
